Bill,

Looks good, and I agree that this cover note does not need review by the review team. I offer a few edits and one comment for your consideration. Also, I'd welcome the opportunity to participate in the call with American Water.

Thanks,  
Steve

Steve – if you have a minute take a look at the attached file – it is the cover email that I intend to send with the EPA review. Let me know if you are ok with it. It is short and I don't think it needs to go to the team but I said that I would forward this before it went out. I need to do additional coordination before I send it and I will let you know when it goes to Am water and WVDHHR. I will also let you know when we intend to discuss the issues with Am WTR and if you are available that would be great

Thanks Bill
